## EXECUTIVE SUMMARY

AgileArc, LLC is a Virginia-based, minority-owned small business delivering Information Technology services to commercial, local, state, and federal government clients. Founded in 2024 and headquartered in Northern Virginia, AgileArc provides architecture, engineering, implementation, integration, and support services across Cloud Computing, Endpoint Management, Infrastructure Management and Operations, and Cyber Security. Our mission is to enhance efficiency, solve complex challenges, and reduce delivery costs.

## SERVICE AREAS

### Infrastructure & Cloud

- ▶ Cloud Design, Planning, & Implementation
- ▶ Cloud Migration & Integration
- ▶ Service Level Management (ITIL / ITSM)
- ▶ Endpoint Management & Imaging (Intune, JAMF)
- ▶ Application Integration (Atlassian, Jira)

### Cyber Security & Business Operations

- ▶ Vulnerability Management
- ▶ Cybersecurity Frameworks (NIST, FISMA, RMF)
- ▶ Business Operations Modernization
- ▶ HRIS, ATS, CRM & Financial Reporting Systems
- ▶ Project Management & Agile Delivery

## TECHNOLOGY STACK

- ▶ **Cloud Computing:** AWS, Azure
- ▶ **Database:** Microsoft SQL Server, PostgreSQL, NoSQL, MongoDB
- ▶ **Scripting:** PowerShell, Python, Bash
- ▶ **Systems & Infrastructure:** Windows, Linux, macOS, JAMF, Intune, Virtualization, Terraform, Ansible
- ▶ **Cyber Security:** NIST, FISMA, RMF, POA&M, Nessus, Xacta
- ▶ **Project Management:** Atlassian, Jira, Confluence, Agile

## LEADERSHIP EXPERIENCE

AgileArc's leadership team brings deep IT services experience from prior careers, including the following engagements:

- ▶ Designed and implemented the adoption of Atlassian for the National Geospatial-Intelligence Agency (NGA), including an AWS/Linux environment to host Atlassian and integrate its tools in compliance with agency requirements.
- ▶ Administered over 2,000 endpoints for the U.S. House of Representatives through JAMF to enhance endpoint security and compliance.
- ▶ Implemented and migrated legacy systems, upgrading over 1,500 workstations for the Defense Advanced Research Projects Agency (DARPA).
- ▶ Consulted on and integrated existing and new technology to deliver a 200% increase in operational efficiency for business and HR operations, while reducing external costs and modernizing system look and feel.

## NAICS CODES

- ▶ **541330** — Engineering Services
- ▶ **541511** — Custom Computer Programming Services
